WELCOME

# Head-turning, eye-catching packaging.

## **Barnacle Bill**

"We've had a successful 50 year relationship with Detpak, and we have a great Account Manager. Detpak has a calm, professional approach with any of our requests and just make it happen. During the impacts of COVID, we were encouraged to pre-plan and order additional packaging. We took this recommendation and now have plenty of stock to cover us. During the pressures of COVID, the advice was invaluable."

## QUALITY. CONSISTENCY. ON REPEAT.

We're backed with over 70 years of experience in delivering superior packaging design and printing. Our consistent quality across every component ensures that our packaging not only protects food products, but helps you build your brand and business.

## RESPONSIBLE BY DESIGN.

We're committed to the environment and creating a sustainable future. That's why, 90 percent of our products are printed with water-based, soy-based or UV inks—made from fewer non-renewable resources as compared to solvent-based inks.
