

# Detpak

## Cartons

Packaging that's built  
for growth

Detpak's custom printed carton expertise bring packaging solutions to life.

Partnering with businesses across all industries Detpak provides a responsive complete service from concept to the final product in rapid time.

Creating products across Food and Beverage, Industrial, Health, Beauty, Pharmaceutical, Sleeves and Wraps, Ovenable, Moisture Resistant, Shelf Ready, and Corrugated.

## Your Packaging Partner

We work collaboratively with you throughout the whole process, using our global manufacturing expertise and supply chain contingency to develop and deliver not just quality custom products, but end-to-end solutions that stack up commercially.

## Quality Assured

Differentiation is imperative to every aspect of your business. That's why we have invested in industry-leading technology, making it easy to customise your packaging needs through bespoke design, materials science and cost engineering.

## Sustainability

Our sustainability experts will ensure you have sustainable solutions for an evolving regulatory environment through 2025 and beyond.

## Our Process

From idea to result - our team can help you navigate your product journey.

## Our Solutions

Food & Beverage

Sleeves

Ovenable

Premium Cartons

Pharmaceutical, Health & Beauty

Corrugated Cartons

Mailers

Shelf Ready Packaging

## What our customers say

“Detpak is a trusted packaging partner who redesigned our cartons to meet sustainability targets by replacing the plastic window. The new embossed logo and product images have created stronger branding for our cartons in store.”
